GIRBAUD SKY ENCARNACION VILLAREAL

girbaudforwork@gmail.com | 09206290342 | https://soranyx942002.github.io/Portfolio-V2/ | Quezon City, Philippines

PROFESSIONAL SUMMARY

Versatile IT Professional and Software Developer with a robust background encompassing full-stack web development, UI/UX design, network administration, and technical sales. Proven ability to architect modern MERN stack applications, configure enterprise server environments, and drive retail B2B procurement. Passionate about bridging hardware performance with intuitive software design to deliver comprehensive technological solutions.

PROFESSIONAL EXPERIENCE

VillMan Computer Systems Inc. (VStore SM North EDSA)

January 2023 – Present

Sales and Technical Executive

- Manage end-to-end client consultations, B2B procurement, and hardware specification matching to ensure optimal computing solutions.
- Oversee branch operations including billing, inventory management, promotional audits, sales accounting, and tax computations.
- Conduct PC hardware builds, component evaluations, RAM compatibility testing, and SSD drive cloning using WinToHDD and Acronis True Image.

A1Ventures Technical Vocational Academy

May 2026 – October 2026

IT Intern (Practicum 1)

- Completed a technical practicum alongside Computer Systems Servicing NC II training, enhancing hands-on hardware and network troubleshooting capabilities.

Undecide Dev Team *(https://www.undecide.dev/)*

December 2025 – June 2026

Frontend Developer & UI/UX Designer

- Co-developed PHASED, an "all-in-one" AI-powered phishing and social engineering detection system built on a cloud-based architecture (NodeJS, React Native, MongoDB).
- Engineered responsive frontend architectures using React, Vite, and Tailwind CSS while designing intuitive interactive wireframes and prototypes in Figma.

Freelance

December 2025 – June 2026

Frontend Developer & Graphic Designer

- Provided full-cycle web development and UI/UX design services, building responsive web applications and digital branding materials for diverse clients.
- Produced digital visual graphics and promotional media utilizing Canva, CapCut, Adobe Photoshop, and Premiere Pro.

Golden Cronica Publishing Incorporated

September 2020 – May 2022

Book Illustrator

KEY PROJECTS

PHASED (Phishing and AI-Powered Social Engineering Detector) *(https://phased.undecide.dev/)*

Spearheaded the frontend execution and UI/UX strategy for an innovative, cloud-based web and mobile security application.

- Designed and engineered the interface for the **Social Engineering Message Scanner (SEMS)** and **Real-Time Scam Detection (RTSD)**, translating complex hybrid rule-based and RoBERTa AI assessments into intuitive threat-level alerts.
- Developed the frontend architecture for the **Website Legitimacy Analyzer (WLA)** and **Privacy Footprint Inspector (PFI)** to visually report malicious content percentages and data collection risks.
- Built a collaborative **Community Reports, Analytics, and Forums (CRAF)** hub, implementing user-flagging features and an achievement score system to foster collective threat intelligence.

Developer Portfolio Application

- Designed and developed a dynamic personal web application combining Linktree-style navigation and CV elements using Vite, React, and Tailwind CSS.

Legacy System Modernization

- Explored and prototyped the migration of legacy MS-DOS database systems (built on Magic PC) into modern, full-stack MERN applications featuring keyboard-first navigation.

EDUCATION

Quezon City University — **August 2022 – June 2026**

Bachelor of Science in Information Technology

St. Clare College of Caloocan — **Class of 2021**

Secondary Education (Graduated with Honors)

CERTIFICATIONS & TRAINING

- **Computer Systems Servicing NC II** – A1Ventures Technical Vocational Academy *(October 2026)*
- **AI in Education: Responsible Exploration** – NCBA Fairview *(February 2026)*
- **Introduction to Data Science** – Cisco Networking Academy *(January 2026)*
